Raj sahani

FULL STACK WEB / WEB3 DEVELOPER

Profile

Experienced Full-Stack Web Developer with 2+ years of experience in designing, developing, and deploying high-quality web applications using a variety of programming languages and technologies.

Proven ability to use MERN Stack, Next.js, JavaScript, CSS3, HTML5, SCSS, Tailwind CSS, Bootstrap, MVC, C#, ASP.NET Core, MySQL, PHP, AWS, and Azure to build innovative and user-friendly web applications.

Skillful understanding of web3 technologies, including Solidity, Hardhat, and Web3.js.

Experienced in working with clients to gather requirements, design user interfaces, and develop and implement back-end logic.

Proficient in using version control systems (Git, GitHub) and agile development methodologies.

Committed to delivering high-quality work on time and within budget

Experience

Full-Stack Web Developer, SEO PVT LTD, delhi

02/2022 - 05/2023

Designed and developed a new web application for the company's customer portal using MERN Stack. The application was a success and helped the company to increase customer satisfaction and sales.

Freelance Web Developer 2022

Developed and deployed a variety of web applications for clients in a variety of industries.

Worked with clients to gather requirements and design user interfaces. I was able to understand the client's needs and translate them into user-friendly interfaces.

Developed and implemented back-end logic using Node.js and Express. I was able to create efficient and scalable back-end systems that met the client's needs.

Deployed applications to AWS and Azure. I was able to deploy applications to cloud platforms quickly and easily.
